- 13-17 Summer Workshop

# Heart of Ohio Tech Prep Consortium

## Information Guide

February 2011

# Tech Prep Mission

To prepare students for the high skill, high-demand *technical* careers required for an increasingly competitive global economy *with an emphasis on STEM careers for Ohio.*

Tech Prep provides a seamless, non-duplicative, integrated pathway of education and experience that starts in high school, continues through both two- and/or four-year colleges and leads to success in the chosen technical career field through apprenticeship, certificate, associate degree and/or baccalaureate degree attainment.

# Tech Prep Programs By County

County	Agricultural and Environmental Systems	Arts and Communications	Business and Administrative Services	Construction Technologies	Education and Training	Engineering and Science Technologies	Finance	Government and Public Administration	Health Science	Hospitality and Tourism	Human Services	Information Technologies	Law and Public Safety	Manufacturing Technologies	Marketing	Transportation Systems
